

# HD LOCKDOWN

a heavy duty lockdown solution

A UNIVERSAL  
LOCKDOWN  
SOLUTION  
for high theft  
security.

**The HD Lockdown was designed to provide a high level of security for your merchandise without compromising consumer interaction.**

At Sennco, we understand the importance of being able to provide an exceptional customer experience while simultaneously protecting your valuable assets. Our patent pending HD Lockdown solution encourages the customer to interact with the device while integrating a high level of security. The sleek but sturdy solution is adjustable to protect most cellular devices, including all current Apple and Samsung phones.
